
AJAX RSS causing conflict with mootools

Posted by Cathal - 2008/06/20 12:53

I have added the RSS feed to our intranet and notice that a page that contains the RSS and Simple Image Gallery causes an IE error - Internet Explorer is unable to open the internet site.... If I unpublish either rss or the gallery then the page displays with no issues.

I was wondering if anyone has experienced this issue before and what the solution was?

Thanks

Hello Cathal, there is no any solution about that conflict, because Mootools have any trouble with other JavaScript, this is the trouble for all developer. Mootools library often can't works together

Just support Mootools team to improve that library

I'm having the same problem...

J!1.5.4 with yotheme evolution

When I unpublish the module works fine in IE7, when I publish it cannot open the web site...

I'm trying to find another extension to scroll rss but I can't find it

There are any solution for this BIG issue? (60 to 70% uses IE7)

May I know your live site url and if you not objected, would you like to sent us your super administrator user name and password to our official email at camp26teamgmailcom?

I have tried in my friend site, there is no error between mootools and our ajax rss module.

Regards,

Denny S.P.

I don't know why but now is working fine.
Maybe any extension I have uninstalled.

thanks anyway

I have been experiencing the same problem and I cannot find the reason. It is the module that is the problem.. There must be some sort of conflict with in the php script that is causing this error.. I have experienced the same problem and I would love to use this module on my site cause it's awesome. I just wish there would be a fix for this.

Would you like to share your live site url here? Maybe I can help you to solve your problem. Maybe the problem is not just conflict with mootools, because my friends have joomla site with mootools and the module work properly and both of them work fine.

Regards,

Denny S.P.

I had the same problem till I deactivate my "hour module", now i can browse the webpage with IE7, before that I wasn't able to do that.

The move i wanna do now, is to drop the date line of the slide news, can I do this? I hope doing this my hour-module could work with any issues.
Where should i remove code to do this?

Many thanks,
Ro

sorry, dont understand your question

do you mean, you want to remove the feeds date?

Re:AJAX RSS causing conflict with mootools

Posted by Rodrigo - 2009/12/15 17:04

Yep, in the rss frontpage, i have 3 lines: TITLE, DATE/HOUR, INTRO-TEXT.
I want to remove the date/hour line from rss reader, maybe deleting this my "HOUR" module can work properly with IE.

Thanks

Re:AJAX RSS causing conflict with mootools

Posted by reza - 2009/12/16 04:39

i dont believe that will fix your problem
but if you want to try it:

open gfeedfetcher.js file in ajaxrss_inc folder of the module

in line 62, delete this : (+ parseddate)

Didn't work :(

Anyway, thanks for help.

Re:AJAX RSS causing conflict with mootools

as i thought, i wont work

the problem is script conflict

seems you have to choose between this module or your 'hour' module

your welcome :)

Here Is How Intelligent ghd Head of hair Straighteners Snuggle Your Curly hair
So chances are you'll save up all that dollars as well as ordered yourself a really coveted fixed of GHD ghd straighteners
You've got eventually revealed the details of poker directly head of hair No lengthier could it be just models in
addition to the social elite who are capable to get pleasure from shiny straight locks but nevertheless large numbers of
females are embracing GHD for producing frizz a topic place to rest
It could possibly sound a contradiction to function straighteners to twist curly hair although when you find out it the
particular polished in addition to frizz cost-free outcomes you could obtain by indicates of GHD you will be impressed on
the usefulness to your straighteners Furthermore to what's extra you are going to be bang on pattern with curly head of
hair becoming a modish way account
Acquire your warmed GHD Straighteners UK as very well as carry a segment of locks about 1 inch thick
Carry the actual curly hair straighteners much more than the section of head of hair to ensure that the head of hair
straighteners are vertical in your head Test and commence the precise straighteners as shut for any brain as feasible
while insurance coverage agencies they are heated so don't burn up off your scalp!
Change the ghd curly hair straighteners 180 amounts along with gently pull the actual curly hair straighteners down the
length of one's head of hair Pull as well as turn the particular straightener little by little and step by step to
manufacture a restricted corkscrew similar to curl For considerably bigger bouncy curls assist the GHD
straighteners flat to your head as well as twist as properly as draw a small faster to obtain a looser curl
When a distinct part is not curling how you may like it to retain splendid as well as attempt an extra portion of head of hair
before finding its way back to it
When you're search is completed it's possible you'll adjustable the actual situation of this curls making use of your fingers
Don't use a comb or curly hair brush as it is going to drag the particular curls out and also arrange frizz Incorporate
remaining sprits of hairspray to carry on preserving every single thing in place together with you are ready to go!
You are going to have all of the really feel of the Hollywood stars within the area of the while with curls and in addition
volume amazing Enjoy God for That stands for!
